

Adventure Treks Day Camp

The Schuylkill Center's Adventure Treks challenge campers to improve their outdoor knowledge and skills in a supportive setting with seasoned instructors and outdoor guides. While COVID-19 restrictions will prevent us from camping overnight and taking trips as originally planned, we will pack all of the fun and excitement of Adventure Treks into a day camp.

Mondays, Tuesdays, and Fridays will be spent at the Schuylkill Center, exploring our 340-acre forest, bonding with fellow campers, and practicing valuable camping and outdoor skills.

Wednesdays will consist of a local offsite trip that will change each week (see schedule below) and Thursdays will be spent hiking in the Wissahickon.

Philadelphia will be in the yellow phase of the state's reopening plan at the start of camp, during which the city restricts all summer camp field trips and excursions. To comply with these guidelines, the first week of Adventure Treks will have no offsite trips. Campers will remain at the Schuylkill Center for all activities. Philadelphia is expected to move into the green phase on July 3, and offsite trips will begin the week of July 6.
